SUPPLEMENTARY CATALOGUE

1911/1912

NOTICE

We are herewith bringing before our large circle of customers our

SUPPLEMENTARY CATALOGUE 1911/12

which comprises all the Novelties brought out since the issue of our 1910 Catalogue of Copper, Brass and Nickel-plated goods.

ANTIQUA GOODS. We beg to draw special attention to the new ANTIQUA (oxydised steel finish) goods, which have met with general approval and a ready sale. These goods are finished in the antique style, they have a silvery appearance, and are covered with our new special lacquer which makes them absolutely untarnishable, and they do not require any cleaning whatever.

AURO METAL GOODS will be known to most of our customers, as they were brought out immediately after issuing the 1910 List. AURO METAL is a new and beautiful combination of copper, brass and other metals, and the colour resembles gold as near as possible. The metal is the same colour throughout, and it can be cleaned with any material without injuring or taking away the beautiful colour effect.

CHINA WARE. Lastly we beg to draw attention to our splendid collection of CHINA WARE with Nickelplated Mounts consisting of China Tile Trays, Teapot Stands, Hotwater Jugs, Sardine Boxes, Butter Dishes, Fruit Baskets, etc.

The new China Designs are most charming, and in connection with our very high class Nickel Plate they form most attractive and saleable lines. No Jeweller should be without these goods.

HOW TO ORDER. In ordering it is necessary to state prices and full descriptions in addition to the numbers, so as to avoid mistakes. If articles are made in various ways the exact finish required must be clearly stated viz: antique copper, antique brass, polished copper, polished brass, Antiqua, Auro etc. etc.

TERMS. The prices in this book are subject to a trade Discount of 50%. A discount of 2½% for cash within 30 days from date of invoice is allowed to home and shipping buyers in this country.

TO BUYERS ABROAD. All direct export orders must be either accompanied by cash or paid for here against documents, for which 2½% cash discount is allowed. All orders must be sent to our London address, and should be accompanied by full instructions as to packing and forwarding.

We are not liable for loss or damage caused by incorrect or insufficient instructions.

Consignments are delivered carriage paid only to the ports of London, Hamburg, Bremen, Antwerp and Trieste.

CLAIMS. Claims of any kind must be made within 8 days from the date of receipt of goods or they cannot be entertained.

PACKING. Goods are very carefully packed and are forwarded on account and at the risk of customers. We are not responsible for loss or breakage in transit. Packing cases are charged at cost.

DIRECTIONS FOR USE

Lift out the Coffee-holder *A* by turning from left to right and fill three-quarter full with Coffee; place the piece of flannel on the top, replace the sieve and screw down. Fill *B* with hot water, replace *A* in the machine and put on the glass cover.

Fill the lamp *C* with methylated spirit and light it. As soon as part *E* becomes full of Coffee and no more liquid works through *A* but only bubbles can be seen, the Coffee is ready for use.

Extinguish the flame by raising the lamp and pressing it against the bottom of the machine.
